Respectfully submitted,

F. W. SMITH, Auditor.

Sewers.

On the approach of hot weather the past summer, complaint was made to your board that McDonald and Federal streets were in a very unsanitary condition and we were asked to construct sewers in those streets. The town not having made any appropriation for such matters we informed the parties that unless the board of health ordered we were powerless in the matter. The health board were applied to. They viewed the premises and ordered sewers constructed in both streets. Your board having been advised by the town agent that they were justified in so doing, asked for bids for sewers in both streets. When the bids were accepted it was thought that connections could be made with the sewers running along Main street, but when the McDonald street sewer was completed to the foot of the street it was found impracticable to do so and it was decided to extend it to the river, which caused an extra outlay. The Federal street sewer was connected with the one on Main street, and for a short time that sewer seemed to take care of the water but soon clogged from the nature of the land, as the pipe running over a ledge could not clear itself; and as in the case of McDonald street we were obliged to continue that sewer also to the river at an extra expense. As you all are aware, the surface water from streets running at right angles to Main street washes that street a great deal, causing considerable expense for repairs. In order to abate this your board thought it advisable to construct two catch basins to connect with the sewers and take care of this water, and we believe our action has accomplished this so far as possible, and in the future will save great outlay for repairs to Main street. For the cost of these sewers we would refer you to your Contingent account. As the abutters, under the statutes, are assessed one half, you will readily see that the cost to the town will not be so great perhaps as imagined. We would most respectfully call your attention to the fact that First and Bridge streets are in a very bad condition and should have sewers constructed the coming year for the preservation of health.

With the advent of the waterworks, closets have followed and will become more numerous in the future. The increased use of water has caused old cesspools to overflow, and the filth from them runs into the streets creating unhealthy conditions. We would earnestly recommend an appropriation of \$600 for sewers the coming year. As the abutters are assessed one half the cost, this will mean an actual outlay of \$300 to the town.

The natural drain through the Spofford lot, between Elm and Mechanic streets, empties into drains constructed by the owners on the land of Thos. Cullity and W. P. Ames, and on to the surface of land owned by Mrs. A. P. Heath, Mrs. Ellen Sullivan and Mrs. A. Gray, and as the drainage from the residences of I. L.

Brown, A. B. Ames, Thos. Cullity, and W. P. Ames empty here it is very dangerous to health, and a sewer should be constructed from the mouth of W. P. Ames's drain to the sewer on Mechanic street about 175 feet. We earnestly recommend that this be done after obtaining right of way for such purpose over lots referred to.

Temporary Loan.

The board of selectmen were obliged to make a temporary loan of \$2000 to meet the running expenses of the town. The same has been paid, which appears in your Treasurer's report. We hope by the better collection of taxes by your collectors that the incoming board may be relieved of that unpleasant duty.

Verona Bridge.

The severe gale and high tides early in the fall forced the piers of this bridge up for want of proper ballasting. To prevent this in the future so far as possible new ballast floors have been put in and the piers properly ballasted. For the cost of replacing piers in their proper position and for ballasting same we would refer you to your road commissioner's account. This year the pier next to the draw must be renewed from low water mark. We respectfully ask that you make an appropriation for the repairs of roads, bridges and sidewalks of \$2,500.

Insurance, Town Buildings.

Our attention was called to the fact that no Insurance existed on your town hall and Torrent Engine House, and believing that it was not well for the town to risk any longer the total loss of those buildings by a possible fire, we placed an Insurance of \$2000 on both of them for 4 years at a cost of \$40. which sum was paid out of the contingent fund.

Old Bills Paid.

There were passed to your board for the present year old bills which should have been paid last year amounting to \$578.84 as follows:

Contingent account,.....	\$ 62 95
Poor account,.....	332 26
Town Farm,.....	175 48
Fire Department,.....	8 15
	<hr/>
	\$578 84

These have all been paid out of this year's appropriation.

Collection of Taxes.

Your board is of the opinion that the manner of paying and collecting taxes as has been practiced is radically wrong. We think it works hardship to the taxpayer as well as the town. We mean by this that taxes have accumulated from year to year so that in a great many cases at the present time it is simply impossible for the debtor to pay without extreme hardship and perhaps great sacrifice. In a great many cases referred to, parties are owing two, three, and four years taxes. If all would pay promptly before the close of the year, or as nearly as possible the burden would be lightened not only to the citizen but to the town. In a great many cases those able to pay promptly allow two years' taxes to accumulate against them and then pay one year's tax after the third tax has been assessed. This is an injustice and should be remedied. It has been suggested that the discount of 4 per cent. be extended to Dec. 31st of the year in which the tax is assessed and that interest be charged thereafter at same rate until paid. This we leave for your consideration. We mean no reflection on your collector of taxes or the citizens; we simply state what we believe for the best interest of your town and the citizens.

Town Farm.

Your superintendent of the farm reported that the amount of hay being raised on the Farm was diminishing each year for want of

proper dressing and he recommended the purchase of what dressing F. B. Googins & Son might have for sale the coming year. After consultation by your board it was decided to purchase the same, the year to include Dec. 1st, 1900, to Dec. 1st, 1901, at a cost of \$75, which will have to be paid from the appropriation of 1901. We also purchased a double horse sled and pung for use of the farm at a cost of \$40. which was paid from this year's appropriation. The stock animal was disposed of from the farm as it was decided that instead of being a revenue it was an outlay to your town. Outside of the above, the cost of maintaining your Farm has been confined to ordinary expenses, and we believe your superintendent has kept the expenses as low as possible with due care for the inmates.

Town Reports.

There has always been much complaint among the people, and justly, too, because the town reports were not issued earlier. The reports should all be audited and the last of the copy in the hands of the printer by Feb. 18. The only way to do this is to have the town officers use more expedition in closing their accounts. This could be easily done, as the greater part of the work of both auditor and officers can be finished before the end of the fiscal year. It is our most earnest desire that our Town reports be in the hands of the people one week before our town meeting in March. It gives all the people a chance to find out what their servants are doing for the interest of the town. We think it has been a custom to distribute our town reports on the day of the town meeting. We contend that no man knows intelligently when he comes to the town meeting what he is doing unless he has had the privilege of reading the town report. In conclusion we desire to express our appreciation of the support that we have received from the citizens and the various officers with whom we have been associated. Our official relations have been pleasant and we do not recall an instance in which public interests have suffered because of individual antagonisms between the members of this board. There have been differences of opinion but accompanied with respectful treatment of these differences so that no detriment to the administration of affairs has resulted. We suggest that the fiscal year end Feb. 15th instead of the 22nd.

Respectfully,

GEO. D. CRANE,	} Selectmen.
FRED WOOD,	
I. H. HOMER.	

STATE OF MAINE.

HANCOCK COUNTY, ss.

To DANIEL F. DAVIS, a Constable in the Town of Bucksport in said County.

GREETING.

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Bucksport, qualified by law to vote in town affairs, to assemble at the Town House, in the Village of Bucksport, on Monday, the fourth day of March, next, at ten o'clock in the forenoon, to act upon the following articles, to wit;

- 1st. To choose a Moderator to preside at said meeting.
- 2d. To see if the town will vote to accept the report of the Selectmen, Assessors and Overseers of the Poor, and Auditor.
- 3d. To choose a Clerk for the ensuing year.
- 4th. To choose three or more Selectmen, Assessors and Overseers of the Poor.
- 5th. To choose a Treasurer of the town, and all other necessary town officers for the ensuing year, excepting Collector of Taxes.
- 6th. To see if the town will vote to have a Road Commissioner for the year 1901.
- 7th. To determine what sums of money the town will raise by taxes for the following purposes:
 - 8th. For the support of schools.
 - 9th. For support of poor.
 - 10th. For the payment of notes and interest.
 - 11th. For the payment of coupons on town bonds.
 - 12th. For the payment of the principal of the town bonds, as required by Section 136, Chapter 51, Revised Statutes.
 - 13th. For defraying the expenses of the Fire Department.
 - 14th. To see if the town will vote to pay the Companies of Torrent and Deluge Engines for their services for the municipal year, 1901, and if so, how much and under what conditions.
 - 15th. To see what sum the town will vote to raise for repairing roads, bridges and sidewalks, and removing snow, and to raise such sums in money or labor, and to fix the compensation of men and teams.
 - 16th. To see what sum the town will raise for discounts, abatements and other contingent expenses.
 - 17th. To see if the town will vote to pay James E. Hall Post, No. 53, G. A. R., the sum of fifty dollars to apply to decorating soldiers' graves in said Bucksport, on Memorial Day, May 30, 1901, and said

money if appropriated, be paid to the commander of said James E. Hall Post, No. 53.

18th. To see if the town will authorize the Treasurer, with the approval of the Selectmen, to make a temporary loan.

19th. To determine the manner of collecting the taxes and the rate of discount for the prompt payment of the same.

20th. To fix the compensation of each of our several town officers to wit: the first, second and third selectmen, assessors and overseers of the poor, town treasurer, collector of taxes, town clerk, superintendent of schools, and road commissioner and to raise money for the same.

21st. To choose a collector of taxes.

22nd. To see what sum of money the town will vote to raise for the purchase of school text-books.

23rd. To see what sum of money the town will vote to raise for the repairing of schoolhouses and out buildings.

24th. To see if the town will authorize the Superintending School Committee to contract with and pay the trustees of the E. M. C. Seminary for the tuition of scholars residing within the town in the studies and under a standard of scholarship to be in accordance with the Free High School Act, and to see what sum of money the town will vote to raise to carry out the provisions of said contract.

25th. To raise a sufficient sum of money to pay the annuity on the cost of the Grammar School Building.

26th. To see if the town will vote to raise money for lighting the streets, and if so how much and authorize the selectmen to contract for the same.

27th. To see if the town will authorize the Selectmen to purchase of John N. Tillock, in the name of the town, a certain lot of land adjoining the Torrent Engine House and Town Hall; the same to be used for municipal purposes.

28th. To see if the town will vote to enlarge the culvert that runs across the county road near the track of the Maine Central R. R. Co., at Smelt Brook, in said Bucksport, and raise a sum of money for that purpose.

29th. To see if the town will vote to raise a sum of money for the construction of sewers under the direction of the board of Selectmen and if so, how much.

30th. To see if the town will vote to build a sewer on Bridge street.

The Selectmen will be in session in their office on the first and second days of March, next, for the purpose of correcting the list of voters.

Given under our hands the twenty-third day of February, A. D. 1901.

GEO. D. CRANE, } Selectmen
FRED WOOD, } of
ISAAC H. HOMER, } Bucksport, Me.

Report of the Superintendent of Schools.

It is gratifying to be able to report that our schools have been doing satisfactory work the past year. Tried by the standard prevailing in larger places the results accomplished leave much to be desired, but compared with the condition ten years ago, no one familiar with the facts can deny that there has been a marked improvement. While the law abolishing school districts may not have fully met the expectations of its friends, it has certainly served to correct most of the abuses of the old system by rendering possible a judicious expenditure of the school funds. When fifteen or more school agents acting independently of each other had virtually control of this town's educational interests anything like unity of management or efficiency of results was impossible. Too often little care was taken in the district school meetings to choose for these officers persons having some special fitness for the place, and it would be safe to say that one fourth of those elected annually to expend the school money were unqualified to do it wisely. Then, too, as the money was apportioned among the districts according to the number of scholars in each, a great inequality existed in the amount of schooling enjoyed by different neighborhoods. School buildings, especially in the rural districts, were in sad need of repairs, for the money for this purpose had to be raised by a local tax, and this unpopular measure was deferred as long as possible. As to text-books, their cost fell heavily on the poorer families and consequently a sufficient supply for the real needs of the schoolroom was rarely insisted upon, while the introduction of new books at long intervals brought down upon the School Committee a storm of wrath from many parents who could see no necessity for the change.

Now all these adverse conditions are changed for the better. In place of many independent agents, one board is entrusted with the entire control of the town's educational affairs, and it only requires care in the selection of these officials to insure a systematic, business-like management of the public schools. Since the teachers are examined and employed by the same authority there is now a freedom

in selecting them that did not exist under the old hydra-headed method. School buildings no longer go unrepaired year after year, but are kept in good condition within and without. No lack of textbooks is suffered, and at the discretion of the School Committee needed changes are made without exciting a ripple of the former disapproval. And last but not least of the beneficial results of the new dispensation is the gradual disappearance of most of the petty neighborhood wrangles and jealousies that seemed the inevitable outcome of local school management.

It is not claimed that ideal results have been attained by us under the present law, far from it. First-class schools can be had only by employing first-class teachers, and these command higher wages than we can pay in many cases. But though many of our teachers lack professional training, all show much interest in the work and a great desire to better the quality of it. Where this spirit is manifested constant improvement in results is to be expected. When vacancies occur great care should be taken in filling them, as it is much easier to bar out incompetent teachers at first than to dismiss them afterward. The school fund, it can not be too often repeated, is to be expended solely in the interest of the school children, and every dollar of it ought to be paid out only for value received.

CHANGES AMONG TEACHERS.

During the past year there have been several changes in our force of teachers as well as transfers to different districts as might seem advisable. At the East Intermediate, Mrs. Marks, after a long and faithful period of service was forced to resign her position by reason of sickness in her family and was succeeded by Miss Maud Nichols. At the West Primary, Miss Nancy Nichols tendered her resignation at the close of the fall term to accept a much more desirable situation, and her place was taken by Miss Nellie White. Three new teachers have been employed, Miss Nellie Delano in No. 7, Miss Sara Montgomery in No. 11, and Miss Susie Gogins as assistant to Miss Parker at the East Primary where the number of pupils has become much too large for successful management by one teacher.

Very pleasant relations between teachers and scholars have existed, not a serious case of insubordination having been reported to the School Committee.

SCHOOL BUILDINGS.

The principal repairs made in school buildings have been new ceilings in No. 3 and No. 4 and new seats in No. 8. I call these seats new, for though taken from the old grammar schoolroom, when the new tops now in readiness for the desks have been put on them they will be virtually as good as if fresh from the factory. New desks are needed in No. 9, which is the only room now having old-fashioned seats. The vestibule of this building is also in bad condition and should be repaired this year.

In my recent visits to the schools I have been pleased to notice the bright, cheerful aspect of most of them compared with the dingy interiors of former years. Paint and paper and Perry pictures have at slight cost made them attractive to the children and thus tended to lessen the demands on the truant officer.

BOOKS.

It is poor economy to keep in the hands of a pupil soiled and tattered books that an adult would throw aside with disgust. Nothing will more surely deaden his interest in study. Many of our school books are badly worn, and quite extensive purchases must be made this year. It was decided last spring to change the books used in some branches, but for good reasons the selections have not yet been decided upon and will probably be postponed until the summer vacation.

MUSIC.

No part of the school money, in my opinion, is put to better use than that expended for teaching vocal music in the village schools. Nearly two hundred of our scholars are being drilled in the elements of an art whose value to them they will appreciate in later years, and a knowledge of which most of them would otherwise never have gained. I regret that it does not seem practicable to extend the same instruction to the rural schools.

ATTENDANCE.

The schools being still in session the average attendance for the year cannot be given, but the following table shows the entire number of pupils registered in the different schools for each term.

Schools.	Whole Number Registered.		
	Spring.	Fall.	Winter.
E. M. C. Seminary.....	25	26	22
Grammar.....	60	60	62
East Intermediate.....	30	27	28
West Intermediate.....	34	32	32
East Primary.....	51	55	54
West Primary.....	42	38	36
District No. 2.....	17	17	21
District No. 3.....	12	16	18
District No. 4.....	21	23	17
District No. 6.....	14	14	16
District No. 7.....	12	13	9
District No. 8.....	10	8	8
District No. 9.....	20	22	23
District No. 10.....	25	27	20
District No. 11.....	17	17	16
District No. 12.....	18	15	14
Totals for the year,	408	410	396

TO PARENTS.

The teachers and school officials are engaged with you in the work of training your children for the duties awaiting them just ahead. You have the most at stake in this task, and your interest in having it done well should be correspondingly great. Neither teacher nor official may interfere with the home training of your children, but upon the work in the schoolroom you may and do exert a direct influence, frequently a controlling one. Make that influence helpful by taking an active, intelligent interest in the school, and be careful about criticising the teacher unfavorably in the home circle. Many a school has been spoiled by the thoughtless fault-finding of parents. Assume always, until forced to believe otherwise, that the teacher is capable of doing her work well and is entitled to your hearty support. Instead of taking the children's estimate of her, visit the school and see for yourself just what is going on there. You may find reason for doubting the value of a child's opinion in such matters. Should any trouble arise between pupils and teacher, take the side of the latter in nine cases out of ten, and don't decide too

hastily about the tenth. In a word, remember that you and the teacher are partners in a common cause, and do not be willing by your passive neglect or needless fault-finding to lessen her power for good over those entrusted to her care.

SCHOOL OFFICIALS.

Mr. Spofford, who has so ably served the town as School Superintendent since 1894, resigned the office on being appointed Railroad Commissioner, and the present writer was chosen to succeed him on Dec. 1. Having expressed a wish to still keep up his connection with the work in which he has shown so much interest, Mr. Spofford was at once elected to fill the vacancy on the S. S. Committee where his intimate acquaintance with the town's school affairs makes his presence very welcome.

Respectfully submitted,

A. A. LITTLEFIELD, Supt.

Report of Board of Health.

Since Feb. 22, 1900, three nuisances have been abated. Unsani-
tary conditions on Federal and McDonald streets have been remedied
by the construction of sewers. No contagious disease has been re-
ported. Five cases of typhoid fever have occurred each in different
parts of the town.

Many complaints have been made of the quality of water supplied
to the village by the Water Co. Of that we have said that while it
might not be pleasing to the eye or taste, it was not causative of
disease, nor in any sense poisonous.

G. H. EMERSON,	} Board of Health.
H. E. SNOW,	
F. W. SMITH.	

Feb. 20, 1901.

Town Clerk's Report of Vital Statistics.

For the Year Ending Jan. 1, 1901.

Births recorded,	30
Marriages,	20
Deaths,	57

CAUSE OF DEATHS.

Phthisis Pulmonalis,	12
Pneumonia,	10
Disease of Heart,	6
Brights Disease,	3
Chronic Nephritis,	3
Debility of Age,	3
Cirrhosis of Liver,	2
Bronchitis,	2
Cancer of Stomach,	2
Diabetes,	2
Cerebro Spinal Meningitis	2
Indigestion,	2
Mental Disease,	1
Suicide by Drowning,	1
Entero-colitis,	1
Dropsy,	1
Apoplexy,	1
Typhoid Pneumonia,	1
Carcinoma of Rectum,	1
Congestion of Brain,	1

I desire to call the attention of parents to the importance of reporting the Christian names of their children to the town clerk.

A large percentage (24 out of 30 reported this last year) of the births are reported by physicians and as children are seldom named until sometime after birth the physicians are unable to report the names selected. Parents are invited to call and examine the Record of Births and make the additions necessary to complete the record.

DOG LICENSES RECORDED.

Males, 88	\$88 00
Females, 4	12 00
	<hr/>
	\$100 00

Respectfully submitted,

A. B. AMES, Town Clerk.

Groceries, Meats, and Provisions

**BEST TEAS
AND COFFEES.**

We start this ad 1901 with the largest business we have had for years. We carry only the *best* and *most* satisfactory class of goods. Our years of buying experience has taught us how and where to best secure these.

**BEST MEATS
AND VEGETABLES.**

We sell at *strickly* one *price* to all; and you can count on it, *this* price is as *low* or *lower* than a similar article can be purchased elsewhere in Bucksport.

**BEST GROCERIES
AND PROVISIONS.**

We propose to keep what friends we have and gain more by giving our customers the most careful and polite attention, and if anything is not satisfactory about your purchase, we will be glad to make it so, as soon as we know about it.

**BEST CANNED MEATS,
FRUITS AND VEGETABLES.**

Cash paid for Farmers' products.

John L. Homer.
